Sounds like lawsuits waiting to happen. What would happen if a company came out and said they will only hire people that are say left handed? They'd be run out of town. Let alone race hiring.

Can't shut me up nor demoralize me. I was there there. I know what happened. I can tell you for certain there were interesting things happening in all of that.

Hold on tight PEDES. We in for one helluva a ride and you thought Jan 6 was huge.

God bless you and yours.

I made it to the rally, but wore out before the March. I'm so glad I was able to be there—wonderful patriots all around!

I pray you find a position quickly working with like minded people. It sucks working with leftists and you deserve a nice settlement for all your pain and suffering.

You can leave at any time for any reason, they can fire you at any time for any reason. That's pretty much how it rolls in my state, unless you have some specific contract otherwise. I think that policy is fine - freedom of association, and the employee could have requested a contract with specifics at the time of hire - it just sucks that its come this far that people are being terminated over this.

Who knows. I didn't care anyone knew I went. They probably have every single person that stepped foot inside via cell phone data or face recognition.

I'm sure they got an army doxing those and notifying employers

Someone i know was fired from his job today because the liberal outrage mob was able to identify him from video and they started harassing his employer to fire him. America is only just starting to realize these liberal fucks have been top down perpetrating an active offensive against them for years.

I will in due time. I think I will be able to scare them into a PAID suspension... Make them want to wait a bit to see how things fall... I'd hate for them to make a politically expedient decision that at no time inside or outside the Capitol did I violate any laws. Not trespassing when cop opens the door and waved you in :) happened x2... Crazy crazy day.

If you're in DC, California, or New York, I believe that political affiliation is a protected class. I know it is in DC. I worked there at one time and always took good records and accumulated evidence in case they ever fired me if they found out I wasn't a raging leftist.

No more like there was this event a protestors on one side were met with a line of cops. However, if you go around the building.. other doors open and cops wave and say 'come on in' then they walk around with you as you walk by unlocked and unsecured rooms. Even walking into a room, handed a beer with a cop 10 feet away.

So to answer a few common questions:

1. Supervisor called me this PM about suspension only saying it was in regards to events if the 6th. She was to send me formal notice via email and calling to ask questions with a second person Monday
2. The suspension is called a critical incident which calls for immediate unpaid. The actual notice said I violated the Company Commitments (values). Doesn't say what and no details

I will learn more Monday.
